**Pillage, Plunder & Party at Pirate's Well**

Pirate's Well is a small town on the Island of Mayaguana in the Bahamas. It is located 450 nautical miles from the Palm Beach Inlet near Turks & Caicos. In the early 1800's the Pirates of the Caribbean dug this well for their drinking water and used this location as their resting place. The water and other supplies were then loaded aboard the ships to return to the Caribbean waters looking for other ships to plunder.

It is our vision that you will find something that quenches your thirst in our well. Whether it be a BOOTY Burger or a brew, it is designed for friends to meet new friends and share stories and good times. This local oasis called Pirate's Well in Lake Park, Florida is open seven days a week from 11a.m. to 3a.m. serving great food til 2a.m.

Thank you for visiting us at "The Well" and we look forward to seeing you soon and often.

(this is the actual well in Pirate's Well. It is now a popular tourist attraction)
